II International Conference on Metrological Support of Innovative Technologies - ICMSIT-II 2021

Saint Petersburg - Krasnoyarsk, Russia
3-6 March 2021

St. Petersburg State University of Aerospace Instrumentation and Krasnoyarsk Science and Technology City Hall with the support of the International and Russian Union of Scientific and Engineering Public Associations, UNESCO Departments of St. Petersburg and the Metrological Academy of the Russian Federation are organizing the II International Conference on Metrological Support of Innovative Technologies (ICMSIT-II 2021). The Conference will take place in March 3-6, 2021 in St. Petersburg and in Krasnoyarsk.

Tashkent Institute of Irrigation and Agricultural Mechanization Engineers (Tashkent, Uzbekistan) is the partner university at the Conference.

Scientists and specialists from Russian and foreign universities, academic institutions, enterprises, design and research centers are invited to participate in the Conference.

The purpose of the Conference is to share the experience in the application of modern methods of engineering physics and information-measuring technologies in high-tech production, in the fields of aerospace, energy, chemical and oil and gas engineering, economics and organization of engineering production, as well as in modern areas of complex research of technical and information systems.

The work of the Conference is planned in the following directions:

- Engineering and Industrial Physics;
- Instrumentation Metrology and Standards;
- Control and Measurement Devices in Medicine;
- Measurements in Mechanical Engineering and Automation Systems;
- Innovative Technologies in Instrumentation and Electronics;
- Cybernetics, Economics and Organization of Metrological Support;
- Metrological Engineering and Support of Special Equipment;
- Advanced Tendencies of Training Specialists in Applied Physics, Engineering, and Metrology;
- Mechanical Engineering and Industry 4.0;
- Automation Engineering and Cyber-Physical Systems;
- Information-measuring systems for environmental monitoring.

In case of inability to attend the Conference in person, in absentia online e-Poster Presentation is allowed. One can register for the Conference on-line: <https://conf.domnit.ru/en/conferences/icmsit-2-en/registration>.

The registration is open from December 15, 2020 till February 20, 2021.

Proceedings of the Conference

The Proceedings of the Conference in the form of full papers in the English language will be published in Journal of Physics: Conference Series (JPCS), sent for indexing by Scopus & Web of Science. The papers should meet the requirements of the Journal (the requirements and the templates can be found on the website <http://conf.domnit.ru/en/>).

The official languages of the Conference are Russian and English. The Organizers will provide professional interpretation under requirement.

Workshop Venue

The Conference will take place in St. Petersburg State University of Aerospace Instrumentation (SUAI): St. Petersburg, 67, Bolshaya Morskaya street & in Krasnoyarsk Science and Technology City Hall (KSTCH): Krasnoyarsk, 61, Uritskogo street.

Accommodation for the Conference participants can be provided with reservation from SUAI & KSTCH in the hotel system of St. Petersburg & Krasnoyarsk by priory arrangement. Accommodation and travel expenses are paid by sending organizations.

Registration Fee

Participation in the Conference is free. The registration fee for the publication in Journal of Physics: Conference Series (JPCS) is 250 EURO. The fee is paid after the notice about acceptance of the paper but not later than February 25, 2021.

Preliminary Conference Program

3 March 2021 – Arrival, registration of participants

4 – 5 March 2021 – Plenary session in St Petersburg (SUAI)

Parallel sessions in St Petersburg and Krasnoyarsk (oral and e-poster presentations)

6 March 2021 – Culture program, departure of participants

Contact Details

Please forward all the questions concerning the participation and the programme to the executive secretary:

Anna Voroshilova
