XI International Conference on Advanced Agritechnologies, Environmental Engineering and Sustainable Development – AGRITECH-XI - 2024

(Namangan, Uzbekistan, 31 October - 2 November 2024)

The XI International Conference on Advanced Agritechnologies, Environmental Engineering and Sustainable Development - AGRITECH XI – 2024 will be organized by Namangan Engineering-Technological Institute (Uzbekistan), International Union of Scientific and Engineering Associations, Siberian Scientific Centre DNIT in partnership with Bukhara Engineering-Technological Institute and Termez Institute of Agrotechnology and Innovative Development (Uzbekistan) on 31 October - 2 November 2024.

The scientific sessions will take place in Namangan Engineering-Technological Institute (Namangan, Uzbekistan). The online session will be also organized to give the opportunity to make scientific reports to those participants who will not be able to come to the conference.

We invite scientists, post-graduates and research teams as well as representatives of the enterprises working in agritechnologies, food technologies, environmental engineering for sustainable development of the modern society to participate in the Conference.

The AGRITECH-XI 2024 conference aims to bring together experts from various fields to discuss the latest advancements in agritechnologies, environmental engineering, and sustainable development. The conference will cover topics such as innovative agricultural technologies, automation and digitization in farming, environmental engineering and mining, sustainable energy solutions, and the role of biodiversity and agroforestry in maintaining ecological balance. The goal is to facilitate knowledge sharing and collaboration to drive progress towards more environmentally-friendly and economically viable agricultural and industrial practices.

The work of the conference is planned in the following directions:

- Agritechnologies, Agritech Engineering, Policy and Law for Sustainable Environmental Health
- Innovative Development of Sustainable Systems of Agrarian-and-Food Production
- Information Technologies, Automation Engineering and Digitization of Agriculture
- Environmental Engineering, Mining and Soil Treatment Technology
- Environmental Safety, Risk Assessment and Management in Oil and Gas Industry
- Green Technologies, Climate Change and Environmental Pollution
- Chemical, Ecological, Oil-and-Gas Engineering and Natural Resources
- Agricultural Mechanization, Civil Engineering and Energetics

<https://conf.domnit.ru/en/conferences/agritech11-2024/>

- Biodiversity and Ecosystem Stability for Sustaining the Natural Area
- Agroforestry and Digitalization of the Forest Technology

All conference papers accepted to the Conference will be presented in one of the formats (face-to-face scientific sessions, virtual sessions in Zoom, pre-recorded video-reports, or E-poster presentations).

For non-resident participants, graduate students and young scientists, participation with an online presentation is available (E-presentation - from 3 to 5 slides - are issued in free form in pdf / ppt format, the template can be downloaded on the conference website).

Registration is open on-line on the web-site of the Conference till 20 October 2024.

Proceedings of the Conference

50 Selected papers are planned to be published in E3S Web of Conferences.

The papers must be written in English and should adhere to the paper template. All the papers will be peer reviewed by 2 experts. It takes 5-10 working days for the result coming out. If the paper needs revising, it should be resubmitted for peer review again.

The official languages of the Conference are Russian and English. The Organizers will provide professional interpretation.

Conference venue

The scientific sessions of the Conference will take place in Namangan, Uzbekistan.

Accommodation for the Conference participants can be provided with reservation from the Organization Committee in the hotel system of Termez by priority arrangement. Accommodation and travel expenses are paid by sending organizations.

Registration fee

The registration fee is 220 EURO (includes participation, coffee-breaks, culture programme and publication).

Contact details

Please forward all the questions concerning the participation and the programme of the Conference to the executive secretary of the Conference: Anna Voroshilova Tel. +7 391 227 84 84, +7 999 3183334
