V International Workshop MIP: Computing-V 2022 – Modeling, Information Processing and Computing

(Krasnoyarsk, Russia, 25 January 2022)

International and Russian Union of Scientific and Engineering Associations, Krasnoyarsk Science and Technology City Hall, Siberian Scientific Centre DNIT and Department of Computer Science of School of Space and Information Technologies of Siberian Federal University are organizing V International Scientific Workshop on Modeling, Information Processing and Computing (MIP: Computing-V 2022). The Workshop will take place in Krasnoyarsk on 25 January 2022.

Bukhara Engineering Technological Institute (Bukhara, Uzbekistan) and Institute of Computational Modeling of the Siberian Branch of the Russian Academy of Science are partners of the Workshop.

We invite scientists, specialists and research teams as well as representatives of the enterprises working in the spheres of information technologies, software engineering, computer science and computing applications to participate in the Workshop.

The purpose of the Workshop is to share the experience of leading experts in the application of innovative information technologies, mathematical modelling and intelligent systems in science and engineering, industrial production, education, data protection.

The work of the Workshop is planned in the following directions:

- Cybernetics, Computation and Simulation Modeling;
- Applied Mathematics and Business Informatics
- Information Technologies, Software Reliability and Data Protection;
- Information Processing, Software Engineering and Applications.

The Workshop will take place on 25 January 2022 in Krasnoyarsk Science and Technology City Hall of the Russian Union of Scientific and Engineering Associations.

One can register for the Workshop on-line on the website of the Workshop (<https://conf.domnit.ru/en/conferences/mip-computing-5-2022/>). The registration is till 20 January 2022.

For the workshop participants who have submitted papers, a mandatory form of participation is a report at the workshop, a video presentation or a presentation on the website (E-presentation - from 3-7 slides made in free form in pdf / ppt format, the template can be downloaded on the workshop website). Video reports and presentations of the participants will be displayed on the workshop website in the "Conference Materials" section.

Proceedings of the Workshop

Proceedings shall be submitted to CEUR-WS.org for online publication. The papers should meet the requirements of CEUR (the requirements and the template can be found on the Workshop website <https://conf.domnit.ru/en/conferences/mip-computing-5-2022/>)

The official languages of the Workshop are Russian and English. The Organizers will provide professional interpretation if required.

Workshop Venue

The Workshop will take place in Krasnoyarsk Science and Technology City Hall: 61 Uritskogo Street, Krasnoyarsk, Russia.

Contact Details

Please forward all the questions concerning the participation and the programme to the executive secretary:

Anna Voroshilova Tel. +7 391 227 84 84, +7 999 318 33 34
